

**MAURY ALMARI**

SCONCES, PAIR

TAITO OY | FINLAND, c. 1940 | BRASS, GLASS | 19 ½ W x 17 ½ D x 14 H IN

**CONDITION**

Each sconce is wired for European usage and functions properly when tested. Brass elements show very minor patina in keeping with age. One shade exhibits few miniscule losses along upper edge with one area having been ground down, visible under closer examination. Overall good vintage condition.
